Contents

1	Introduction	1
2	Overview	1
3	Results	1
3.1	Some experimental results	1
3.2	More experimental results	1

1 Introduction

In this Lab Report we will present the results of our simulation based on the production facility used in the Information Technology in Automation lecture.

Some more explanation on what we did

2 Overview

Here is a top level overview of the PlantSimulation model we used to conduct our experiments.

Graphical overview of the PlantSim model

3 Results

3.1 Some experimental results

3.2 More experimental results

Results of the experiments we conducted
